Train IT Medical

Leading your practice into a digital future

Why your Practices need these manuals

Many practice staff have knowledge and skills gaps. Many find it hard to keep up with technology changes.

COULD YOUR PRACTICES BENEFIT FROM HELP WITH:

- Data quality
- Secure Messaging
- Cancer Screening
- Medical billing
- Searches & Queries
- My Health Record
- Recalls & Reminders
- Chronic Condition Management
- Reports
- Practice Management

These interactive eLearning manuals meet the needs of adult learners by including engaging activities to reinforce key concepts as well as links to further learning as knowledge or skills gaps are identified.

ABOUT THESE INTERACTIVE eLEARNING MANUALS:

- Overview of key features followed by step by step instructions
- Engaging practice exercises to reinforce key concepts and consolidate learning
- Links to further interactive online learning (e.g. MBS eLearning)
- They help meet accreditation requirements related to staff & health IT education
- PHN Practice Support staff love them! Practice Managers love them!

SPECIAL OFFER FOR PHNs

Updated resources to help PHN staff facilitate quality data improvements with their practices.

Sold per PHN with a licence to distribute electronically to every practice in your catchment area.
